Continuation of 2. NOTE: the newly proposed claims introduce new limitations, such as "the channel further redirects the flow of air at angle away from the downstream direction" in claim 1, "an ion generating arrangement disposed within the housing having a second width smaller than first width such that the second width" in claim 11, and other newly added limitations in other claims, that may raise new issues that would require further consideration and search.

Continuation of 5. does NOT place the application in condition for allowance because: Applicants' arguments are based on the proposed amended claims that have not been entered.
